**RULE & RICKS, Proprietors.**  
OFFICIAL JOURNAL OF THE UNITED STATES.  
TUESDAY MORNING, MARCH 7, 1871.

**HOW TO REMIT.**  
Money sent to us in registered letters, by Express, prepaid, or by Postoffice orders, will be at our risk—otherwise, at the risk of the sender.

**SEND US THE NEWS.**  
We extend a special invitation to our friends to send us brief and pointed letters, giving items of interest in their several localities. We desire to have something of local interest in every issue for our East Tennessee readers.

**THE LARGEST CIRCULATION**  
Of Any Daily Published in East Tennessee.

subject in the space of one article. We will resume the subject in our next number, and give in connection some suggestions of how small capital, in connection with labor, could be profitably invested, and what the advantages of East Tennessee are in respect to cheap living and light expenditures for laboring men.

The prospects are that quite a spirited contest will be had in the new Congress, on the question of adjournment. The House wants to adjourn to-morrow until December. The Senate, or a large proportion of them, want to sit until May. The President's wishes, it is thought, will control, and as the Joint High Commission is now in session, it is thought he will ask for a session of two months.

The Kuklux along the Louisville and Frankfort Railroad have taken upon themselves the task of driving off the colored mail agents appointed by the United States. The people were warned that a continuation of such conduct would result in the withdrawal of the mails. The Kuklux continued their depredations, and the mails have been withdrawn. This is right. If the people suffer the Government agents to be insulted, they have no right to expect mail facilities.

The claim of the East Tennessee University for \$25,000 for damages inflicted upon the College buildings by the Armies during the war, which passed the Senate failed to get through the House for want of time, though every effort was made to have it considered by Mr. Maynard and his associates in the Tennessee delegation.

The claim is certainly a just one and we hope the new Congress will promptly act upon it, as the University greatly needs the aid.

## WHY WAS METZ SURRENDERED?

It is a very easy task to make charges against military leaders, and thereby sullied reputations made by the most unselfish and patriotic services. It is easier to make accusations of this kind than to sustain them. Our readers are doubtless familiar with the fact that immediately after the surrender of Metz, very grave charges were preferred by the adherents of the French Republic, that Bazaine had betrayed them and surrendered a city and army that could have been successfully defended. These charges have never as yet been fully supported by specific facts, but it has been generally recognized that either treachery or bad management brought about the disaster. Within the past few months, some important testimony upon the subject has been made public, in the shape of a book written by Mr. G. T. Robinson, the only newspaper correspondent who was shut up in Metz during the siege. He charges very positively that, for the greater part of the siege, "Bazaine was absolutely invisible. He lived in a luxurious chateau, in company with certain favorites. At the gates were mounted two *mitrailleuses*. The Marshal notoriously passed his time in smoking, billiard playing and dining. Nero seems to have been nothing to him, for he was in the highest spirits whatever ill-news was heard or apprehended. He always had sumptuous late breakfasts, which no pressure of military duties ever led him to abandon. Not one word of encouragement was ever addressed by him to army, garrison, or citizens during the whole seventy days of the siege. He seldom or never issued any order of the day. Constantly it was declared by soldiers and civilians in Metz, that if France could not come to the rescue of the fortress, it was the bounden duty of the army there to go to the rescue of France. The army was ready and eager to set forth. The town was ready to part with the army and to defend itself. Even on the 15th of September, the official return showed that Bazaine had 138,000 men fit to take the field, with six thousand cavalry able to be mounted, beside horses available for a large force of artillery." During this time he asserts the Germans could not bring anything like that number of troops into the field, and were suffering terribly from exposure and disease. The rains were "washing numbers of them daily into their mother earth." Dysentery and fever ran riot among them. At many points in their lines there were only sentries, and no force capable of serious resistance. Mr. Robinson declares that he was out repeatedly at night with *clairvoyance*, and saw only hundreds of Germans where thousands were thought to have been. Constantly were camp fires lighted in the woods by the enemy in places where they had no troops, so that the smoke might rise and impress the observers in Metz with a false notion of the number of their besiegers. That these and other tricks were employed was known to many persons in the town.

These facts it must be admitted give strong color to the charges preferred and make it necessary for Bazaine or his friends to make full explanations. If this is not done, or until it is done, Bazaine will certainly rest under a cloud in public opinion.

## DEATH OF BISHOP ANDREWS.

Rev. James O. Andrews, Senior Bishop of the M. E. Church, South, died at Mobile, on Thursday last, of paralysis. He had preached at New Orleans on February 19th with unusual power, and was stricken a few days after, from which he never recovered. He was an eminent divine, a preacher of extraordinary power and an able General Superintendent. His death will be deplored by the thousands of his own denomination as well as by a host of friends outside of that Church. He was elected and ordained a Bishop before the separation of the Methodist E. Church South from the Methodist Episcopal Church, and his becoming a slaveholder was, to a great extent, what led to the separation.

On calling the roll of the 42d Congress, Mr. McPherson, Clerk of the House, speaking of the Tennessee members, said, "that the credentials presented differed essentially from those presented by members of the Forty-first Congress. They were both vague and evasive, and the changes made were so worded and special as to create the belief they were made to produce uncertainty. He had been in doubt as to his duty concerning them, but had finally concluded to give them this time the benefit of the doubt and accept them. The point which had been urged was, that the election was not held on a day fixed by law in Tennessee, and involved the construction of the Constitution and several laws of the State, and he had concluded not to rule on it."

Mr. Kerr, (Dem.), of Indiana, objected to swearing them in, on the ground that the election law had been repealed, and they were elected without the sanction of the law. He presented a protest from the citizens of Tennessee, and said the Legislature had, by one sweeping measure, repealed all acts of the previous Legislature, including the previous election law.

On motion of Mr. Bingham, the Tennessee members were sworn in, and their credentials referred to the Committee on Elections, three taking the test oath of 1865, and five the modified oath of 1868.

We hope our friends throughout East Tennessee will bear in mind the Industrial Exhibition, to be held here next May. We see no reason why it should not be a perfect success, if our citizens will but take hold and interest themselves in the matter.

## Drugs and Medicines.

**DR. STEWART'S HIGH ALORUM!**  
NOTHING SO GOOD AS  
**Dr. Weaver's Medicines**  
FOR HUMORS.

THESE INVALUABLE MEDICINES HAVE achieved a COMPLETE TRIUMPH in eradicating humors, of all kinds, from the human system. They were introduced to the public some 16 years since, and have been used with entire success. The GINGER and SALT RHEUM SYRUP is taken internally, which cleanses the blood, by throwing impurities to the surface, when the CRÈME is applied, externally, and all eruptions are destroyed. And all diseases are restored. Their ASTONISHING SUCCESS has called out many ignorant pretensions, who have introduced their wonderful preparations to the public. They are out in almost every form, from Panacea down to Pills, and all for humors, (of course they are).

But it has been reserved to Dr. STEWART'S SYRUP and CRÈME to achieve what (under the circumstances) may be regarded as the most brilliant triumph yet achieved by any medicine ever introduced to the American public. Why is this? Simply because they perform what they promise; and notwithstanding the introduction of these new and wonderful preparations to the public, the SALT RHEUM SYRUP and CRÈME keep steadily on their way, conquering as they go. They are public with us, for they have a SURE REMEDY to fall back upon—viz: Dr. STEWART'S GINGER and SALT RHEUM SYRUP and CRÈME. Of this fact the public are well aware, for thousands, in all sections of the country, have been cured by them, after all other remedies have failed.

**ALLEN'S LUNG BALM**

CONSUMPTION.—For the cure of this distressing disease, there has been no medicine yet discovered that can show more evidence of real merit than ALLEN'S LUNG BALM. This unequalled expectorant for curing Consumption and all diseases leading to it, such as affections of the Pulmonary Organs, is introduced to the suffering public after its merits for the positive cure of such diseases have been fully tested. The formula from which it is prepared is referred to by the leading medical journals as being equal to any prescription that can be made for such diseases by the medical faculty. The BALM is, consequently, recommended by physicians who have become acquainted with its successful results.

As an Expectant, it has no Equal.

**DAVIS' PAIN KILLER!**

This celebrated medicine has won a deservedly high reputation as an alleviator of pain and a preserver of health. It has become a household remedy, from the fact that it gives immediate and permanent relief. It is a purely vegetable preparation, made from the best and purest materials, safe to keep and to use in every case. It is recommended by physicians and persons of all classes, and to-day, after a public trial of thirty years—the average life of man—it stands unrivalled and unexcelled, spreading its usefulness over the wide world. Its large and increasing sale affords positive evidence of its enduring fame.

**FANCY DRINK**

Made of POOR RUM, WHISKY, PROOF SPIRITS, and RARE

Liquors, doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to its healthy condition. No person can take these Bitters, according to directions, and remain long unwell.

\$100 will be given for an incurable case, providing the bones are not destroyed by mineral poisons, or other means, and the vital organs wasted beyond the point of repair.

For Indurated and Chronic Rheumatism, and Gout, Dyspepsia, or Indigestion, Bilious, Remittent and Intermitting Fevers, Dropsies of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such diseases are caused by Vicious Blood, which is generally produced by derangement of the Digestive Organs.

They invigorate the stomach, and stimulate the torpid and bowels, and remove all impurities, and imparting new life and vigor to the whole system.

Dyspepsia or Indigestion, Pain in the Shoulders, Back, Tightness of Chest, Dizziness, Sour Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Dropsies of the Urine, Pain in the Regions of the Kidneys, and a hundred other painful symptoms which are the offspring of Dyspepsia, are cured by these Bitters.

Cleanse the Vicious Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores, cleanse it when it is foul, and your feelings will tell you when. Keep the Blood pure, and the health of the system will follow.

Pin, Tape and other WORMS, lurking in the system of so many thousands, are effectively destroyed and removed.

For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

The symptoms of liver complaint are, a sensation of pain in the side. Sometimes the pain is in the shoulder, and is mistaken for rheumatism. The stomach is affected with loss of appetite and sickness, bowels in general costive, some alternating with lax. The head is troubled with pain, and dull, heavy sensation, considerable loss of memory, accompanied with painful sensation of having left undone something which ought to have been done. Often occurs a feeling of weakness, debility, and low spirits. Sometimes many of the above symptoms attend the disease, and at other times very few of them; but the liver is generally the organ most involved. Cure the Liver with
